TOMORROW

A MESSAGE FROM OUR LEADERSHIP

“ **Every delivery is a commitment.**

When an organisation places an order with Ahraz Enterprises, it is rarely just an order. It is a school reopening, a camp being winterised, a facility staying operational, a programme meeting its deadline.

That is the weight we accept with every contract, and it is the reason this company was built the way it was.

We began in Karachi in 2019 with a straightforward view: procurement is a discipline, not a transaction. A specification is met or it is not. Goods arrive on the agreed date or they do not. There is little

room for interpretation in this work, and we prefer it that way — it makes us easy to hold to account.

Since then we have grown into a three-office operation supplying humanitarian, corporate, institutional and public-sector organisations across Pakistan. What has not changed is the standard: source honestly, verify before dispatch, keep the delivery line secure, and tell our clients the truth about timelines.

We are not trying to be the largest supplier in Pakistan. We are trying to be the one our partners never have to worry about.

HASHAM HANIF

President & Chief Executive Officer

WHO WE ARE

Ahras Enterprises (Private) Limited is a Karachi-based procurement and general order supply company, incorporated in September 2019.

We source, consolidate and distribute materials, equipment and emergency supplies for humanitarian, corporate, institutional and public-sector organisations operating across Pakistan.

Our work begins where a requirement is written and ends where the goods are received. Between those two points we handle supplier identification, specification matching, commercial negotiation, quality verification, consolidation, warehousing and freight — so that a client running a programme is not also running a procurement department.

Single-point accountability is the core of the business. A mixed requirement — shelter from one supplier, hygiene items from another, furniture from a third — arrives as one consolidated delivery, against one purchase order, with one party answerable for it.

We are incorporated with the Securities and Exchange Commission of Pakistan, registered with the Federal Board of Revenue, hold ISO 9001:2015 certification from InterCert, and are listed in the Dun & Bradstreet global database.

OUR DIRECTION & PURPOSE

MISSION

What we do, every day

To supply quality materials and equipment that build long-term organisational partnerships — earning trust through transparent work, clear professionalism and steady performance.

VISION

Where we are going

To be the first-choice procurement and general order supply partner in Pakistan, turning complex, multi-category requirements into a straightforward and reliable experience for every client.

OUR BRAND STATEMENT

Three words on our cover — and what each commits us to

PEOPLE

The teams we supply are working to deadlines that matter. We plan, staff and communicate around that.

PARTNERSHIPS

We would rather hold one client for ten years than win ten orders once.

PROGRESS

Every contract should leave our process better than it found it.

WHAT DRIVES OUR BUSINESS

Six commitments that govern how every order is sourced, handled and delivered.

Integrity

Complete honesty and openness in every dealing — the foundation of how we operate.

Quality

Quality-checked products and supply services matched to your exact specifications.

Reliability

A straight promise: what you need, on time, order after order.

Flexibility

Sourcing channels adapted quickly to meet urgent, on-ground project demands.

Mutual Respect

A professional culture that respects our team and values the work of our partners.

Practical Impact

A supply chain that operates safely and brings real value to local communities.

OUR RESPONSIBILITIES

Held alongside our values

Health & Safety

Safe, hazard-free conditions maintained across our offices and warehouse operations, so everyone can do their work securely.

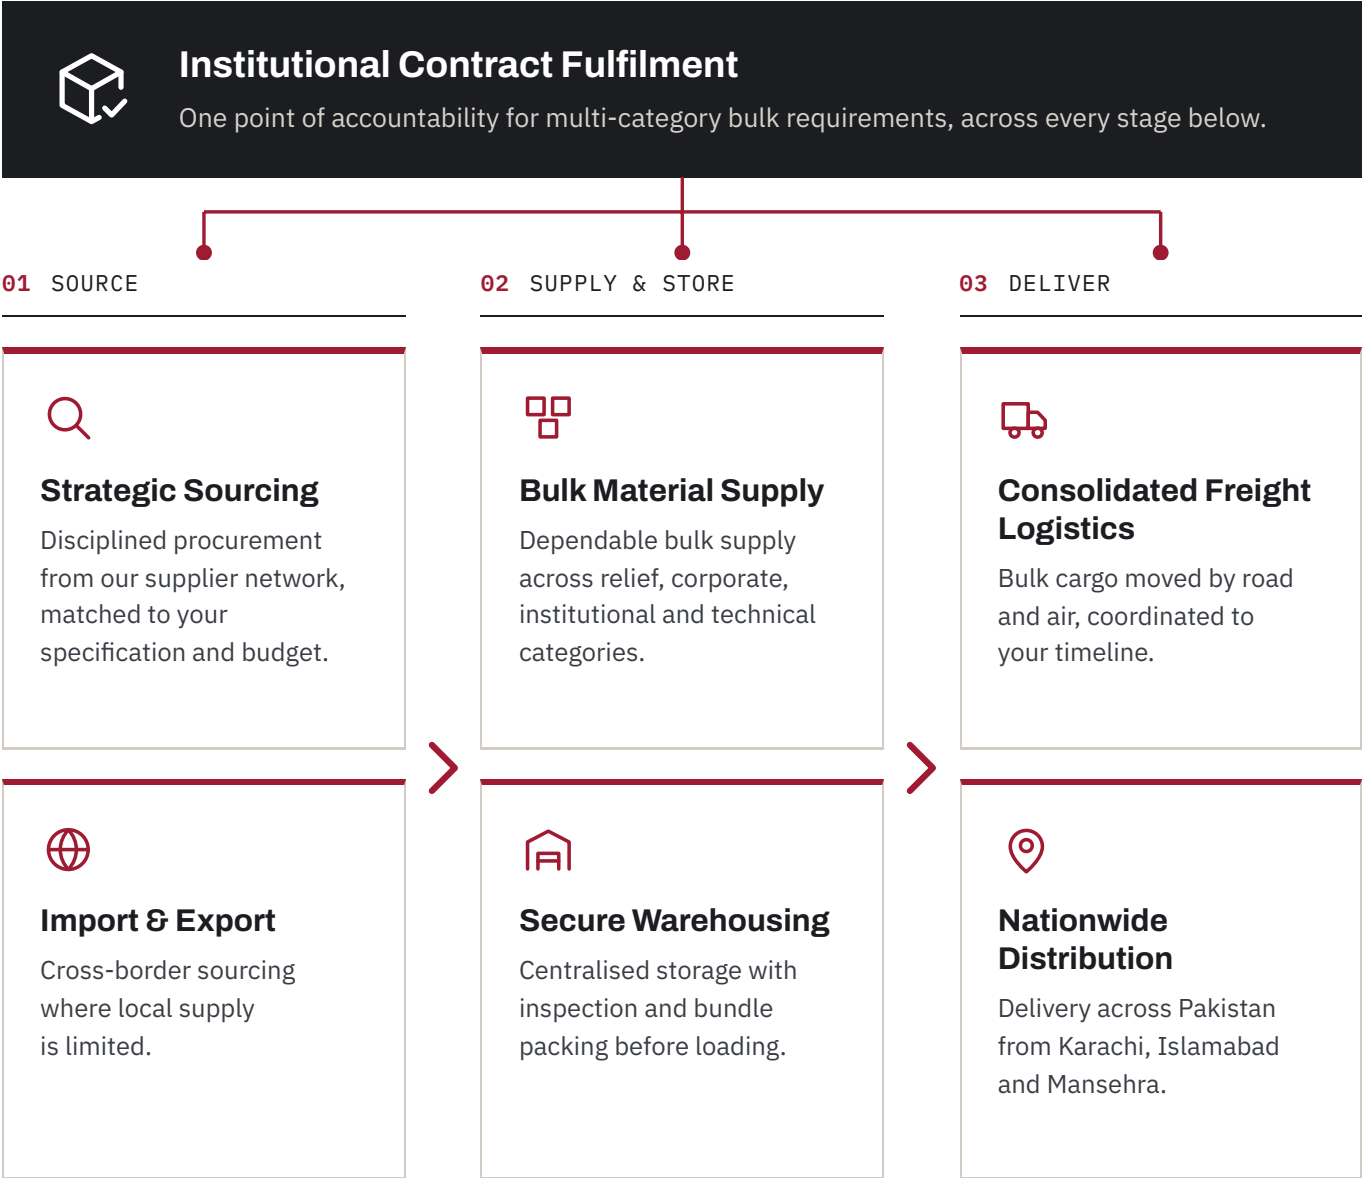

Ethical Dealing

Fair play and honest business practice, with full financial and operational accountability on every contract.

ONE PARTNER. END TO END.

Each capability works with the others. That is what lets us answer for a whole order, not one part of it.

One purchase order.
One delivery.
One party answerable.

Mixed requirements from different suppliers are consolidated, inspected and dispatched together — so your team tracks one shipment, not a list of vendors.

HUMANITARIAN & RELIEF

We procure and distribute the essential items that relief and development programmes depend on — and we understand the accountability those programmes answer to.

IN THIS SECTION

8 supply categories

 Emergency Disaster Tents	 Household Relief Supplies	 Food & Essential Supplies	 Hygiene & Dignity Kits
 Winter Relief & Assistance	 Educational Learning Supplies	 Energy & Lighting	 Emergency & Medical

HUMANITARIAN & RELIEF SUPPLIES

Representative items shown; full specifications are quoted against your requirement.

Emergency Disaster Tents

Rapid-deployment shelter for emergency response and camps.

Shelter tent kits · double-fly relief tents · winterised 4x4 m tents · school frame tents

Household Relief Supplies

Core non-food items that make a shelter habitable.

Kitchen sets · stoves and burners · beds · mattresses and pillows

Food & Essential Supplies

Ration and household packs assembled to programme quantities.

Emergency food packs · Ramzan food packs · household kits

Hygiene & Dignity Kits

WASH and dignity kits packed by recipient profile.

Essential, family and children's hygiene kits · women's dignity kits

Winter Relief & Assistance

Seasonal protection for cold-weather response.

Winterisation kits · high thermal blankets · quilts, razai and comforters

Educational Learning Supplies

School supply kitted per student, teacher or classroom.

Classroom stationery · student and teacher kits · recreational and sports kits

Energy & Lighting

Off-grid solar lighting and power for camps and households.

Solar lanterns · home lighting kits · torches · flood and street lights · power banks

Emergency & Medical

First response and assistive equipment for field teams.

First aid and medical equipment · emergency tool kits · mobility and assistive devices

HOW WE SUPPLY THIS SECTOR

01

Specification

Your written specification

02

> Procurement

Sourced to specification

03

> Kit Assembly

Items packed into kits

04

> Inspection

Checked before dispatch

05

> Delivery

To your distribution dates

INDUSTRIAL & CORPORATE

Technical, corporate and institutional supply — sourced to the required specification, quality standard and commercial terms, and consolidated into a single accountable delivery.

IN THIS SECTION

7 supply categories

 Instrumentation	 Valves & Flow Control	 Piping, Tubing & Safety	 IT & Office Automation
 Electrical Goods & Appliances	 Institutional & Office Furniture	 Professional Media & Communication	7 Categories, each sourced to specification

INDUSTRIAL & CORPORATE SUPPLIES

TECHNICAL & INDUSTRIAL

3 categories

Instrumentation

Measurement and control devices for process and utility systems.

Pressure gauges · pressure switches

Valves & Flow Control

Isolation, regulation and pneumatic control for plant lines.

Gate valves · ball valves · pneumatic fittings

Piping, Tubing & Safety

Conveyance materials and worksite protective equipment.

Stainless steel and MS pipes · HDPE and copper tubing · conduits · worksite PPE

CORPORATE & INSTITUTIONAL

4 categories

IT & Office Automation

Computing, printing, power backup and storage.

Laptops · desktops and workstations · monitors · printers · smart UPS · storage drives

Electrical Goods & Appliances

Climate, refrigeration and display equipment for institutions.

Fans and coolers · split ACs · water dispensers · refrigerators · LED TVs · PA speakers

Imaging, survey and field communication equipment.

Camera and video rigs · survey drones · studio lighting · communication systems

HOW WE SUPPLY THIS SECTOR

Brands, grades and sizes quoted to your specification

Import channels where local supply is limited

One consolidated delivery per purchase order

Road and air freight to your timeline

FROM REQUIREMENT TO DELIVERY

A single, disciplined path from your specification to goods on the ground.

01 — 02 — 03 — 04

Requirements

You share the specification, quantities, destination and deadline — with RFQ, BOQ or tender documents.

Sourcing

Sourced through our supplier network against specification, quality standard and commercial terms.

Consolidation & Inspection

Items consolidated in our warehouse and checked against your requirement before dispatch.

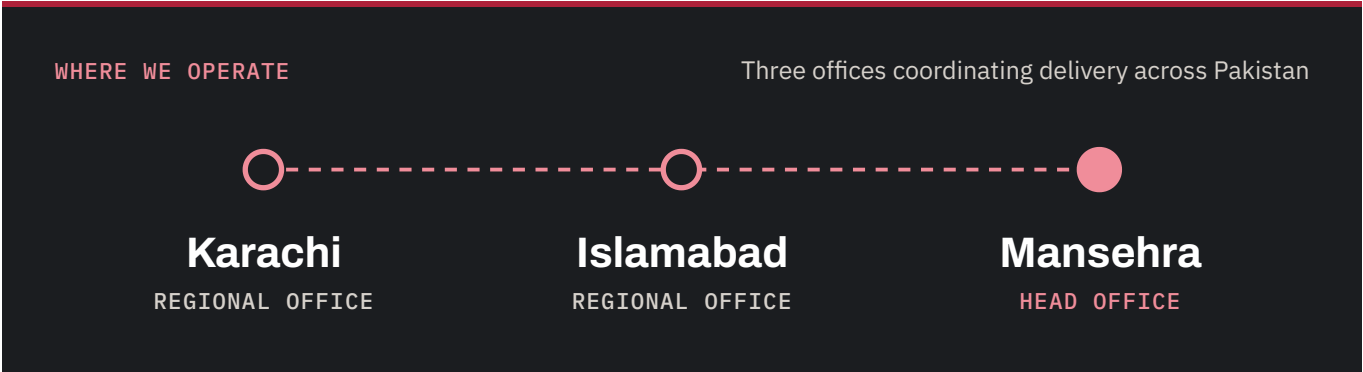

Delivery

Coordinated delivery by road and air according to destination and project timeline.

WHAT SITS BEHIND THE PROCESS

Operational backbone

				
Secure Warehousing	Inventory Management	Air & Road Freight	Import & Export	Nationwide Reach
Centralised storage with inspection before loading.	Tracking of bulk goods through to dispatch.	Mode selected by destination and timeline.	Cross-border sourcing where supply is limited.	Delivery across Pakistan from three offices.

ORGANISATIONS WE SERVE

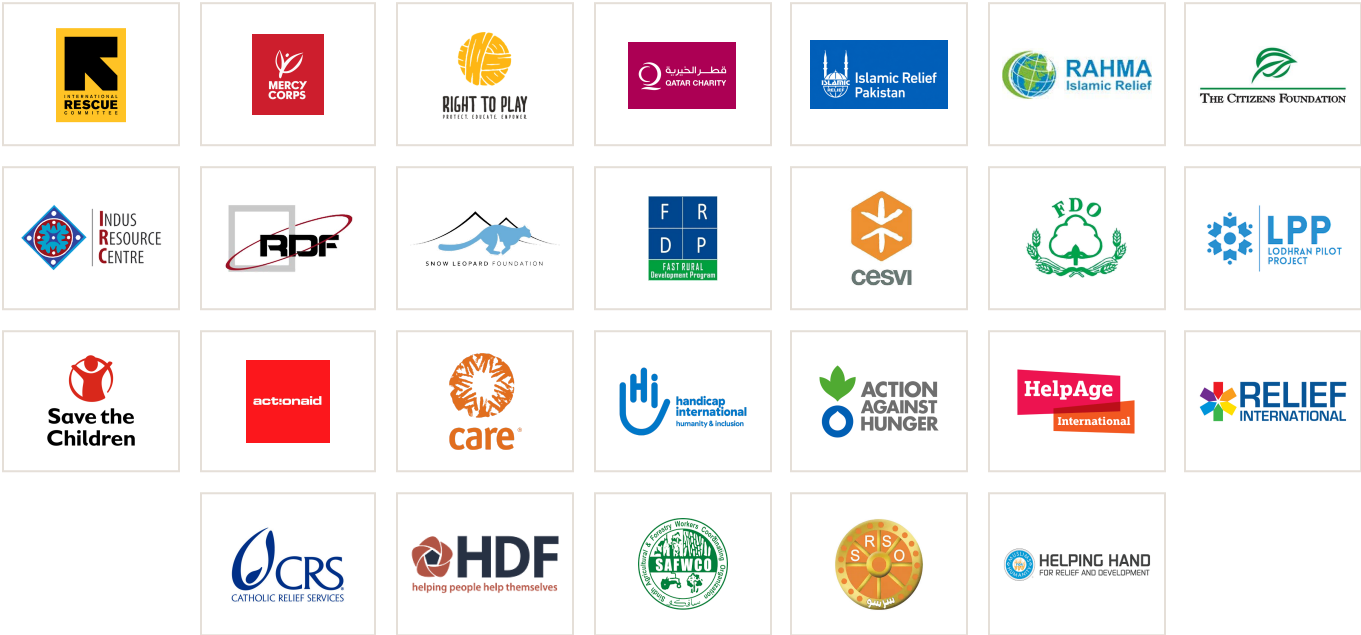

Our clients operate to standards that leave no room for a late or non-conforming delivery.

UN & INTERNATIONAL AGENCIES

UNICEF • UNDP • UN Women • WWF

HUMANITARIAN & DEVELOPMENT ORGANISATIONS

International Rescue Committee • Mercy Corps • Right To Play • Qatar Charity • Islamic Relief • RAHMA Islamic Relief • The Citizens Foundation • Indus Resource Centre • Rural Development Foundation • Snow Leopard Foundation • Fast Rural Development Program • CESVI • FDO • Lodhran Pilot Project • Save the Children • ActionAid • CARE International • Handicap International • Action Against Hunger • HelpAge International • Relief International • Catholic Relief Services • Human Development Foundation • SAFWCO • Sindh Rural Support Organization • Helping Hand for Relief and Development

CORPORATE & INSTITUTIONAL

Habib Bank Limited • Bank AL Habib Limited • Pakistan State Oil • Summit Bank • Institute of Business Administration • Engro Polymer & Chemicals

WHY CHOOSE AHRAZ

01

One Accountable Partner

Multiple requirements managed through a single procurement partner instead of coordinating separate vendors.

02

Multi-Category Sourcing

Fifteen supply categories across humanitarian, corporate, institutional and technical requirements.

03

Specification-Based Procurement

Products sourced to the specifications, quantities and standards you provide.

04

Coordinated Logistics

Delivery by road and air according to destination and project requirement, from three offices nationwide.

05

Responsive Communication

Clear, direct communication through quotation, procurement and delivery coordination.

06

Institutional Focus

Experience supporting organisations with structured, accountable procurement requirements.

THE SHORT VERSION

**You send one specification.
We send one delivery.**

Sourcing, negotiation, inspection, consolidation and freight in between are ours to manage — and ours to answer for.

LET'S WORK TOGETHER

Send us the requirement.

Share your specification, quantities, destination and deadline — with RFQ, BOQ or tender documents where available — and our team will respond with a tailored quotation.
